### CLASS HISTORY

In the year of our Lord, one thousand nine hundred and eighteen, the Class of '30 made their debut into their school career in the lowly first grade. We can recall, in the first grade when we were taught our A B C's. Whenever we did an act of merit, a star was placed beside our name which was written on the board. (We Seniors always did many things of merit so we had many stars after our names.) First, in the history of our schooling we had to learn how to write our names. This was simple. All we had to do was punch holes with a needle around the outline of our names and then we knew how. Second, we had to learn how to read. The first books we received were just simple books, containing such expressions as, "Mamma see kitty, kitty see mamma," and so on until we were good readers and writers. Every year added a little more to our knowledge; simple arithmetic, Penmanship, History, Geography and Hygiene, and all other fundamentals, ending with Geometry, Latin or Spanish and U. S. History. Following these came the Co-Operative also.

We graduated from the grade school and entered the Junior High School. This is perhaps the beginning of our most interesting experience.

On entering the Senior High School, we were grown up and some of the higher classmen. We were looked down upon as adults. At this time came our memories of the grade school experience. We could see someone sitting in the corner with a dunce cap on his head. In the corner his face toward the wall, and someone out in the hall.

Now you must remember that the Seniors did things of merit not only in the first grade but also in the High Schools. In the Junior High they had officers to watch that no one would go up the wrong side of the steps, and that no one would go rushing as if in a hurry.

We felt that we needed a new school and no sooner were thoughts told and the new school building was built. Did you ever notice the new trophy case up on the upper floor of this building? It was suggested by the Seniors. The idea for paved streets was also suggested by us. There are a great many others which cannot be told now.

We do hope that the class of '31 has as much success in school life as we have had.

## GROS VENTRE SOCIETY

The Gros Ventre Society is a chapter of the Honorary Society of Secondary Schools of America, which now has more than eight hundred chapters.

It was established in Rock Springs in 1924, and now has 75 members.

Candidates for admission must belong to the upper 25% of their class, and service, leadership, and character are also taken into consideration. The election is made by a faculty committee appointed by the principal. The members may be chosen in the last semester of their Junior year or in their Senior year. This year's members were chosen in their Senior year. The following boys and girls were chosen:

Clarence Smith, Martha Rautiannian, Marie McLaughlin, Virginia Nelson, Arvo Maki, Aileen Whelan, Nellie Paavola, Fred Adams, Marian Chambers, Mary Lucas, Elsie Aho.

The members met and elected the following officers:

President—Marie McLaughlin  
 Vice President—Aileen Whelan  
 Secretary—Virginia Nelson  
 Treasurer—Nellie Paavola.

All members were initiated into the Society on April 11, 1930 during general assembly. Oath was taken and all were presented with pins by Miss Darhl Draney. Mr. Gus Sturholm was speaker of the day.

A dinner is held annually at Howard's cafe, and about forty-five members attend. This year the dinner was held on Thursday, April 24.

## NATIONAL HIGH SCHOOL CHORUS

Tom Jones, the songster of the Class of '30, has represented the Rock Springs High School in both of the Choruses that have been held. The Chorus was held in both 1928 and 1930 at the Stevens Hotel in Chicago. Tom Jones was chosen chairman of the 1928 members of the Chorus who were invited to attend the 1930 Chorus. The aim of this organization is to combine the best youthful voices in the United States into one large chorus. The 1928 Chorus had a membership of 380 and in 1930 the membership had increased to 425.

#### BOARD OF CONTROL

1st. Row—Steve Bartek, John Willson, President; Marie McLaughlin, Virginia Nelson and Stewart Blunk  
 2nd. Row—Miss Agnew, Sponsor; Mary Lucas, Mildred Hansen and Alice Justin.

#### BOARD OF CONTROL

The Board of Control, while not being entirely made up of Seniors, directly effects every Senior. The Board of Control of '30 did some splendid work in publishing a handbook of information for the use of students just entering Rock Springs High School.

The Board held a banquet in the Home Economics room in November. The decorations carried out the armistice idea and the program coincided. Edward Perko gave a war reading and Mr. Thompson said a few words about the conditions when the Armistice was signed. Mr. Winchell stimulated feeling and agitation for a new high school.

Another banquet was held May 13 at Howards. The decorations produced a summery atmosphere. The program was as follows: A Mental Test; A song—"We Have a Complex"; Musical History by Freshmen; Violin Quartette—Olga Sarcletti, Harold Alenius, Arvo Maki and Stewart Blunk, accompanied by Edith Likes; Survey by Elsie Aho; Outlook by Mr. Winchell; Farewell and Welcome address by Mildred Hansen; and the school song.

#### NATIONAL HIGH SCHOOL ORCHESTRA

The National High School Orchestra met in Atlantic City, New Jersey, the week of March 23-27, the same time the Superintendent's Association met. It is made up of 315 High School Students from all over the United States.

The Orchestra held concerts, the final of which was broadcast over the National Broadcasting Station. These concerts and practices were all held in the largest auditorium in the World. Walter Damrosch, famous director, was guest conductor for a selection of the final concert. Joseph Maddy is the director of the Orchestra.

Arvo Maki, a member of the class of "30", represented the Rock Springs High School in the first section of the String Orchestra at this famous affair.

Arvo has shown ability to become a great violinist in the future and we all hope he has success in this field of work.

Top Row—John Willson, Wayne Fredrickson, Edward Perko, Robert Elliott, Tom Jones  
Mr. Elliott—Sponsor  
2nd. Row—Helen Hartney, Lavina Postel, Eileen Whelan, Anna Sorbie, Vivian Moon, Marie  
McLaughlin and Virginia Nelson.

## DELTA EPSILON ALPHA

The Delta Epsilon Alpha is a national high school honorary society for public speaking. To be eligible one must have served his school in one or more of the following ways: as a member of the debate team, an orator, a reader, or have taken the part of a major character in a three or four act play. Two minor parts are also acceptable. The student must also have grades of average or above. The purpose of this organization is to create greater interest and activity in public speaking.

This year, 1930, Rock Springs High School established the first chapter of D. E. A. in Wyoming. This was done by Mr. Elliot, sponsor. Our D. E. A. has fourteen members, counting the sponsor. The officers are: Virginia Nelson, President; Edward Perko, Vice-President, and Lavina Postal, Secretary and Treasurer.

The D. E. A. dinner dance at Howards was one of the outstanding social functions of the year.

## SENIOR ALUMNI DANCE

One of the most delightful social events of the year was the Senior-Alumni Dance, held in the Masonic Temple Friday, January 3rd.

The hall was beautifully decorated in the high school colors—orange and black. Diagonal streamers from each corner of the hall met under a large light in the center of the ceiling. From each light hoops covered with orange and black streamers were suspended, producing a misty effect. The orchestra stand and punch table were also arrayed in these colors. Dainty orange and black novelty drapes were hung at the many windows. A large, illuminated reproduction of the school seal was placed directly above the orchestra stand. Music for the event was furnished by Herb Simpson's orchestra.

There was a large attendance with many of the alumni present.

Committee for the affair was as follows:

Seniors—Miss Virginia Nelson, Miss Marian Chambers, Mr. Kenneth Buckley.

Alumni—Miss Josephine Hay, Miss Beatrice Jack, Mr. George Sturholm.

## PEP PROMOTERS

The Pep promoters were a group of Senior and Junior girls, whose purpose was, as the name signifies, to arouse enthusiasm, and support the teams by cheering.

They introduced a number of new yells at the games. The most outstanding stunt they pulled off was at the Rawlins game. The girls marched around the hall, forming the letters R. S., and then formed the letter R. for Rawlins.

The girls could be readily recognized by their outfits, a black dress with orange collar and cuffs and an orange beret. They carried orange pennants with black tigers in the corners.

The yell leaders were Vivian Moon and Blanche Coffey. Miss Templeton was sponsor.

## SENIOR PARTY

The first Social affair of the season was the Senior party held in the gym on October 26.

The decorations were carried out on the Hallo'een plan.

Doughnuts and apple cider were refreshments, and in a dark corner one could see dark forms learning their fate from an old gypsy.

The Rawlins boys also attended the party and helped the crowd have a jolly time.

## PRESS CONVENTION

The Sagehrusher was represented in the Annual Press Convention at Laramie by Marie McLaughlin and Ruth Redshaw, editor in chief and business manager, respectively. The girls were guests of the Wyoming University while they visited Laramie. The convention having been held during Homecoming week our representatives were given plenty of entertainment. The purpose of the Editorial Convention is to criticize High School papers and to encourage better journalism. The best papers in the state are chosen during this convention.

Back Row—Norman Traher, Kenneth Buckley, Arvo Maki, Dorwin Kellogg and Donald Mills.  
Front Row—Eileen Whelan, Alice Justin, Marion Keith, Nellie Paavola and Mary Lucas.

## ALL HIGH SCHOOL WEEK

For the first time in the history of Rock Springs High School a whole week was set aside in which every student was given ample time and encouragement to think of his school and its ideals seriously and to become impressed by their real value and significance.

Each new day brought a new slogan which was used through the whole day as the salutation between Rock Springs High School occupants. Some of the slogans were: Knowledge is Power, Win by Fair Play, Your School and Mine, and We Need a New High School.

Everyone entered whole-heartedly into the spirit of this week and each did his very best to make it a success.

On Friday of All High School Week an Assembly program was presented which portrayed the ideals of our creed in clever acts and stunts—In this manner our high ideals were even more deeply impressed upon us than had they ever been. Souvenirs of each day will help students to remember this all important week.

The Class of '30 wishes all future classes over-flowing success in their All High School Weeks.

## CHEMICAL ESSAYS

Among the various activities of the school, essay writing plays an important as well as an interesting part. Each year these manuscripts gain prizes and fame for Rock Springs High School. Of all the essays written in school probably the chemical essays under the auspices of the American Chemical Society are the most outstanding.

Any high school student is eligible for entrance in this contest. The participant has his choice of six subjects which deal with Chemistry in relation to: Health and Disease, Home, Agriculture or Forestry, the Development of an Industry or a Resource of the United States, and the Enrichment of Life. The essays are sent to Cheyenne to the Commissioner of Education who superintends the judging. The winners of first places in the six above named fields each receive twenty dollars in gold. The winners of second places receive a certificate of award and a set of books on Science.

The essays winning first in the various states are then sent to the American Chemical Society, where the six national winners are chosen. These six winners receive a reward of a four years course in practically any accepted college in the United States. Tuition is paid and the winners are given five hundred dollars annually.

Rock Springs has been very fortunate in these contests and as a result great interest has been stimulated toward writing them. This year Rock Springs High received three first prizes and one second. Those receiving first were: Marie McLaughlin, "The Relation of Chemistry to Agriculture"; Vivian Moon; "The Relation of Chemistry to the Development of the Coal Industry in the United States"; John Willson, "The Relation of Chemistry to National Defense." Elijah Daniels received second on the topic, "The Relation of Chemistry to the Home."

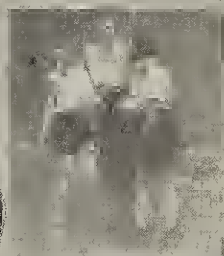

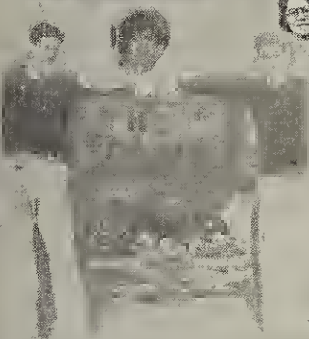

It will be remembered that only last year Morgan Walters received a national prize on the subject "The Relation of Chemistry to the Home." Marie McLaughlin and John Willson received first prizes in the state last year also.

Miss McCall deserves unbounded credit for her endless labor spent in helping students to produce sensible essays. Through Miss McCall's endless efforts Rock Springs ranks among the highest in the state of Wyoming in Scientific lines.

## GORGAS ESSAY

For the last two years the Gorgas Memorial Institute has sponsored an essay writing contest. Each year the subject though somewhat changed, deals directly with the life and work of William Crawford Gorgas and of the Gorgas Memorial Institute. Marie McLaughlin has won the high school prize and the state prize for the two years in which Rock Springs High School has taken part in the contest.

## SENIOR PICNIC

One of the big events of Senior Week is the Senior Picnic. Every Senior looks forward to this big event. The morning of the Picnic every senior meets at the school and the trouble begins. Every one is trying to find a ride to the place where the picnic is held. After every one has been satisfied in transportation the food is piled aboard and the seniors head for Green River. After building up an appetite by playing baseball or other such games the eats are served and appreciated by all. The Seniors next enjoy themselves by dancing at the Green River Island or they come back and hold their dance in the High School Gym. When it is called a day, not a Senior will forget that day their graduating class held their Senior Picnic.

## LOST MEMBERS

When the Class of '30 entered the Rock Springs High School in 1926 there were one hundred forty-eight members, and in 1930 there are one hundred five graduating.

The following members would have graduated had they not quit school or dropped out for reasons unknown.

Living in Rock Springs are Ruth Clarke, Elizabeth Coles, Lydia Cornford, Margaret Helms, Jessie Sage, Beatha Small, Anna Tomsich, Mike Angelovic, William Griffiths and Ray McCarty.

Irma Apioke is living in Green River running a Beauty Shop. Mary Bergamo, Burchall Snencer, Fannie Retel, Mary Koritinik and Leda Hartt are married. Della Daniels is taking nurses' training in California and Marv Forndran has moved to Seattle, Washington. Gladys Plane is living in some part of Colorado, and Rose Tomieb is working in the Parisian Bakery. Robert Conklin is working in Pinedale; Gordon Edwards is working at the Acme Paint & Glass Shop; August Genetti is working at the Ford Garage; Tom James and Harry Orme are working at McCurtains Garage; Clarence Olson is at the Sunlight Bakery; Carleton and Clair Shepard are working on a ranch up north; Joe Tolar has joined the Army; Wilford Kobler is living in Daniel, Wyo.; Alex Henetz, George Rodda, Tom Smith, and Walter Matson are working in the Mines.

The Class of '30 has lost one member—Margaret Cullen, who died in the early part of her Senior year in High School. Although Margaret has passed on she will always be remembered as a link of the chain of '30.

## JUNIOR PROM

The Junior Prom was held at the Elks Home on the evening of May 2nd at 8:30.

The hall was beautifully decorated with crepe paper hangings in colors of the rainbow. Arbors covered with spring flowers in pastel tints added delicacy to the decoration. An igloo of seven colors were placed on the stage. A novelty lighting effect brought this out to good advantage. A clever program was presented during the evening. Music was furnished by Herb Simpsons orchestra.

Committees for the prom were as follows:

General Committee composed of the Chairmen of the Committees:

Edward Perko—Chairman  
Gwendolyn Daniels—Invitation  
Billy Redshaw—Finance  
Kathryn Fortuna—Refreshments  
Armand Kellogg—Entertainment  
Anna Kershishnik—Decoration

Sponsors:

Miss Agnew—Finance, Invitation  
Miss Santarelli—Entertainment  
Mr. Elliott—Decoration  
Miss Esslinger—Refreshments.

## UNIVERSITY OF WYOMING

A FARSIGHTED policy has resulted in the development of this strong and effective educational institution, maintained by, and for, Wyoming. \* Its growth has been rapid, but not too rapid for permanency. \* Its faculty is learned but not too academic to have caught the spirit of western democracy and friendliness. \* Its graduates are engaged in important undertakings throughout the world—in commerce, industry, science and government. \* Its cost to students is low and fees are minimum for residents of the state.

Wyoming young people cannot afford to neglect the opportunities for lifetime advancement offered by this, Wyoming's only institution of higher learning.
